

LOCAL BLUE RIBBON COMMISSIONS

The AOC Center for Families, Children & the Courts announces the launching of the Local Blue Ribbon Commissions website. This website, which is a component of the California Dependency Online Guide, allows members of county-level Blue Ribbon Commissions and other child welfare improvement teams to:

- Post and share information with members of their own commission or team
- Access and learn from information and resources posted by other counties' commissions
- View statewide materials relevant to all local commissions
- View lists of AOC staff, liaisons to the local commissions, and BRC staff
- Search by topic across all types of materials

In addition, users will have access to the **California Dependency Online Guide (CalDOG)**, a free, technical-assistance juvenile dependency website containing case law, publications, a conference and training calendar, courses and training materials, and much more.

To sign up for a free subscription, visit www.courtinfo.ca.gov/dependencyonlineguide

After logging in, click here to access the Local Blue Ribbon Commissions website
